

# OSPICO FLOATING STORAGE TANK

## APPLICATION

Ospico Floating Storage Tank are collapsible storage containers that provide temporary as well as long term liquid storage. Our pillow tanks can be used for potable (drinking) water, fruit juices, wastewater, chemicals, Spill Response and more.

Standard sizes available are from 200 to 5000 gallons (757 to 18928 liters). Smaller sizes are square shaped, while larger are rectangular. **Custom sizes are available.**

Tanks are available in urethane, rubber or vinyl fabrics (FDA approved (NSF 61) vinyl is available for potable water use).

Standard tanks are fabricated with durable fabric that provides ultraviolet light, chemical and abrasion resistance. Readily transportable and deployable, Ospico floating storage tank cost considerably less than other storage systems.

<b>Fill/Drain</b>	2" Diameter aluminum female thread (NPT) flanges
